WARRANTY DETAIL CARD

Seahorse Equipment Limited maintain a 24 month return to base warranty for all Seahorse Products. We are also happy to provide any ongoing servicing if required to any of the Seahorse Products. Please note the warranty will become invalid if user modifications are made to the Seahorse products or non original Seahorse products or parts (for example batteries) are used in/with the Seahorse products. - Please read the warranty page on our website for conditions.
Seahorse Equipment Limited also maintains a register of Seahorse Owners which assist in the recovery of lost or stolen Kontiki's or electric winches. To enable us to enter you onto the register, we will need your approval and details noted below.
We also recommend owners place their name and contact details onto their Seahorse Products. Popular methods include engraving into the hatch or motor frame. It is a legal requirement as the Seahorse Kontiki becomes a float or buoy once the motor stops.
Please enter details.
